Budget

2001 - 2002

The fiscal year begins July 1st and this year's budget is \$3.0 million, compared to last year's \$3.1 million. The tax rate will remain at nine cents per \$100 valuation due to several key issues.

The General Assembly continues to struggle with a significant budget deficit and may withhold \$55,000 of state shared revenue. Also, county shared sales taxes will decrease by \$56,000. Increased expenses for stormwater program planning and the need to maintain sufficient emergency reserves emphasize the need to keep the tax rate constant.

Property tax is broken down as follows: Total property tax on \$200,000 property is approximately \$1,630. Of this total, Clemmons receives \$180, or 11%, to provide services for solid waste, recycling, land use planning, zoning enforcement, 65 miles of roadway maintenance, and augmented public safety through eight sheriffs deputies assigned to the Village. Six percent is used for fire protection and the remaining 83% is used for other services benefiting all county residents.

Recycling - A Shared Responsibility

Waste Management of the Piedmont and You

The Village of Clemmons contracts with Waste Management of the Piedmont to pick up two 32-gallon containers of trash per week per household. Larger containers will not be serviced. The only exception to this is if you purchase a 64-gallon roll out, specially equipped container directly from Waste Management.

Have your trash and recycling bin to the curb **no later than 7:00 AM on Tuesday mornings.**

No yard waste or construction debris is to be placed in with the trash. Cardboard boxes must be broken down to a size no larger than 3' x 3'. Recycling will not be picked up if you have items in the container that should not be in there. The most common non-recyclable items mistakenly put in containers are bleach bottles, plastic bags, pizza boxes, margarine tubs, oil (motor and cooking) containers and pesticide containers. These items should be placed in your regular trash bags. If in doubt of what to recycle review the Recycling Guidelines.

Village residents can take pride in the fact that they will recycle approximately 1,006 tons of recyclables this year.

If you have excess trash, moving trash, call Waste Management at 723-5744

History of the Village

Founded in 1802

Clemmons was founded in 1802 by a man named Peter Clemmons, who moved his wife and 14 children to the area from Delaware. Mr. Clemmons originally bought 216 acres in Clemmons for \$542. Although other settlers lived in the area, it was Peter Clemmons who developed Clemmons into a community. He opened a store and old deeds refer to him as "Peter Clemmons, merchant of Clemmonsville".

The Peter Clemmons House is still located west of the United Methodist Church on Clemmons Road (US 158). Just west of his house, he built the first bridge across the Yadkin River.

Courtesy of Hauser Publications

Edwin T. Clemmons, who lived from 1826 until 1896, was a great-grandson of Peter Clemmons. He was educated in the Salem Congregation and married Harriet "Hattie" Butner in 1858. He and Hattie had no children.

As a boy Edwin became intrigued by the stagecoaches running through the area and the 1870 census lists Edwin Clemmons as a stage and mail contractor, owning several stage lines based in Salem and running to points such as Clemmons. High Point, Raleigh, Asheville and Wytheville, VA. The stagecoach business continued to grow for Edwin as indicated by orders for new coaches from the Abbot-Downing Company based in Concord, New Hampshire.

Courtesy of Hauser Publications

His last and largest coach, a nine-passenger Concord Coach, was purchased from this company in 1872. He named it the "Hattie Butner" after his wife.

After the coming of the railroad in the 1870's, Edwin moved his stagecoach business to Asheville. He returned to Clemmons shortly before he died in 1896. In his will he left money for the construction of a Clemmons Moravian Church and a school. His widow also donated the "Hattie Butner" stagecoach to the Wachovia Society. Hattie Butner Clemmons died in 1910.

The Village of Clemmons was incorporated as a municipality in December of 1986. In 1993 the Wachovia Society officially donated the "Hattie Butner" to the Village of Clemmons. The restoration of the coach was completed in 1995 through \$22,000 in donations received by the Clemmons Historical Society. The "Hattie Butner" is currently on display at the Village Hall.

Today the Village of Clemmons is a thriving community encompassing about twelve square miles with a population of 15,200. The residents of Clemmons enjoy a low unemployment rate and a high median household income. Clemmons continues to grow as people find the area a desirable place to live and work.
